Snyder School

The Snyder School was located two miles northeast of Indianola on the Catlin-Indianola road. The land on which the schoolhouse set was deeded by Josiah Sandusky on August 6, 1872 and filed October 11, 1873. The schoolhouse was built near the home, across the road and a little north of Emanuel Snyder's (now the John Nesbitt home) and he helped build it. This was the reason it was called Snyder School.

The first directors of the school were Emanuel Snyder, Abraham Sandusky and James Branam.

For several years there were two school terms, one winter term and one summer. The older boys had to work in the summer, so only the smaller children attended during the summer term and the older boys attended the winter term.

Teachers received from twenty-five to fifty dollars per month salary and Mr. Alonzo Hunt was the first teacher of Snyder School.

Some of the other early teachers at Snyder School were: J.T. McMillan, J.A. McMillan, Louie Adams Glick, Anna Knipe McClellan, Simon Gibson, Alica Clinkenbaird Spicer, Laura Gray Baird, Malen Sanders, Grace Downey, L.A. Tuggle, Bert Shepperd, Charles Lenhart, Daisy Spry and Winter Davis.

Other teachers and the years they taught were: Emma Spry, 1900-01; Grace Downy, 1902; Elgie Barrett, 1903; Herbert Shepperd, 1904; H.W. Davis, 1905; Samuel Larrance, 1906-07; George Sanders, 1908-09; Nellie Pollitt, 1910-12; George Sanders, 1913; Marie Lough, 1914; Charles Bradfield, 1915; Flora Mosier, 1916-18; Nellie Pollitt, 1919; Katherine McKee, 1920-21; Gwen Coggeshall, 1922-24; Forrest Gibson, 1925; Violet Larrance, 1926-27; Etta Donley, 1928; Ruth Jordan, 1929; Forrest Gibson, 1930-31; Dora Sanders, 1932; Forrest Gibson, 1933-34; Dora Sanders, 1935; Lucille Jordan, 1936; Lucille Jordan Hopkins, 1937; Virginia Hocking, 1938; Helen Chandler, 1939; Lucille Jordan Thomas, 1940-43; Irene Trimble, 1944; and Ethel Brant, 1945.

In the spring of 1874, Emanuel Snyder wanted Mrs. Louie Adams Glick to teach school in the summer term, but her father refused to let her teach because she was only fourteen years of age. However, the following spring of 1875, she went to Danville and took an examination for a second grade certificate. She then taught the summer term of 1875 as she was sixteen years of age then. She only taught the summer terms as the larger pupils who had to work in the summer months went to school in the winter and were very hard to manage.

Teachers had to have either a first grade teaching certificate or a second grade teaching certificate in that time. For a second grade teaching certificate, they took an examination in reading, writing, arithmetic,

Mowing Is A Full Time Job In Shirley's Yard

By Rinda Maddox

Her job is never-ending. And with the extremely rainy days we've seen this April, her work is even harder to keep up with. Shirley Stevens is the resident caretaker of Woodlawn Cemetery near Indianola. She mows six days a week on the 12-acre cemetery. "I don't like to mow when its wet," Shirley stated, "because it's hard on the mower. But with this rainy spring I've had to a few times."

Three years ago the cemetery board replaced one Snapper lawn mower with a three-wheel Deines mower. That cut the mowing job from 60 hours a week, down to about 45, Shirley commented. She also added that she would really hate to go back to using just the Snapper after getting used to the Deines that can make a 360° turn.

Mowing with the Snapper meant going all in one direction, then turning and going between all the stones in the other direction. With the Deines, Shirley can circle right around the stones as she comes to them. "I know where all the stones are, where I can mow and where I can't mow," she points out. "I know what to watch out for." It takes total concentration to not damage the stones or the mower, she added.

But the extra 15 hours a week isn't wasted. Shirley explains how, with the help of her boyfriend, Marty Mullens, they use a gas power weed eater to trim the thousands of stones and trees. "It takes 20-25 hours to trim," Shirley said, "but we usually do that only once a month."

The worst problem with the mowing are the pinecones from the many pine trees in the cemetery. Marty uses the Snapper to mow the fence rows where the pinecones are the worst because it can handle them better than the Deines. She added how dangerous the pine cones can be when they begin to ricochet off of the stones and come back at her.

Among the general upkeep, along with the mowing are tree branches to keep trimmed, posts to be painted and mulberry shoots to be cut away from stones ("Thanks to the birds!" Shirley complains).

As caretaker, Shirley is responsible for 63 perpetual care plots. Each plot has an urn that is filled with flowers each spring from Burgoyne's Flower Shop in Georgetown. Shirley then must keep them watered and cared for all summer. They haul a water drum in the back of a wagon pulled by a Cub Cadet around the cemetery, watering each urn by bucket. "It takes about 2 1/2 hours each time we water and in the dry weather we had last summer, we watered every other day," Shirley said.

In the fall the urns must be dumped and turned upside down. They are also painted every other year. Perpetual care is determined by those who leave a minimum of $1000 to the cemetery in their will.

mower with a three-wheel Deines mower. That cut the mowing job from 60 hours a week, down to about 45, Shirley commented. She also added that she would really hate to go back to using just the Snapper after getting used to the Deines that can make a 360° turn.

Mowing with the Snapper meant going all in one direction, then turning and going between all the stones in the other direction. With the Deines, Shirley can circle right around the stones as she comes to them. "I know where all the stones are, where I can mow and where I can't mow," she points out. "I know what to watch out for." It takes total concentration to not damage the stones or the mower, she added.

But the extra 15 hours a week isn't wasted. Shirley explains how, with the help of her boyfriend, Marty Mullens, they use a gas power weed eater to trim the thousands of stones and trees. "It takes 20-25 hours to trim," Shirley said, "but we usually do that only once a month."

The worst problem with the mowing are the pinecones from the many pine trees in the cemetery. Marty uses the Snapper to mow the fence rows where the pinecones are the worst because it can handle them better than the Deines. She added how dangerous the pine cones can be when they begin to ricochet off of the stones and come back at her.

Among the general upkeep, along with the mowing are tree branches to keep trimmed, posts to be painted and mulberry shoots to be cut away from stones ("Thanks to the birds!" Shirley complains).

As caretaker, Shirley is responsible for 63 perpetual care plots. Each plot has an urn that is filled with flowers each spring from Burgoyne's Flower Shop in Georgetown. Shirley then must keep them watered and cared for all summer. They haul a water drum in the back of a wagon pulled by a Cub Cadet around the cemetery, watering each urn by bucket. "It takes about 2 1/2 hours each time we water and in the dry weather we had last summer, we watered every other day," Shirley said.

Caretaker Shirley Stevens knows how close she can mow and not damage the stones or the mower.

In the fall the urns must be dumped and turned upside down. They are also painted every other year. Perpetual care is determined by those who leave a minimum of $1000 to the cemetery in their will.

One of the biggest problems Shirley faces is people digging holes next to the stone to hold a vase of flowers. "They don't realize the potential tipping of that stone as the ground becomes unsettled from the holes," she explained. "I spend a lot of time filling in holes." She added that the abundant supply of gophers doesn't help matters.

Another job Shirley does year round is filling in the grave following a burial. After the ground has settled she levels it off and reseeds it.

Picking up grave decorations that have blown off, or fresh flowers that have died, are things that also keep her hopping on and off her mower. But from a golden tanned face she flashes a warm smile, "I love being out here. Its peaceful." Even fighting swarms of bumble bees hasn't given her too much trouble.

Shirley has worked for the cemetery six years. She assisted long time caretakers Don and Liz Tuggle until they retired and moved to Georgetown last year.

MARCIA SCHMINK

Marcia Schmink, 61, of Catlin, went to be with her Savior at 7:55 a.m. Saturday, Oct. 7, 2006.

Marcia was born June 8, 1945, in Danville, the daughter of Samuel and Rhoda Howe Rodman. She married Richard E. Schmink on Sept. 24, 1966, in Danville. He survives. The couple recently marked their 40th wedding anniversary.

Also left to cherish her legacy are: two daughters, Lalaina (Derrick) Cathron of Tuscola and Becca (Clay) Woodard of Catlin; four grandchildren to whom she was devoted, Haden Cathron, Lilly Woodard, Ava Cothron and Sam Woodard; and two cats, Cali and Sam.

Marcia was a dedicated and active member of the United Church of Christ in Danville and part of the church's Women's Fellowship Circle. She enjoyed sewing, reading, talking on the phone to her church friends and organizing events. She found her greatest joy in her children and grandchildren.

Hello All,

Here are copies for stuff I have ready for you, Pictures of the ones I could get for now. I went to the Annex and for Birth, Death and copies of Obit that ran in the paper, I got them from the genealogy center. There are a few more that I need to buy, But I thought I had them already, after looking I was wrong.

1.
I found Ella May had a daughter, enclosed is her birth cert, What happened to this girl, Alice Pauline Adams I don't know the trail is dead! I heard the state took her but I don't know if that true! There is no marriage cert, or death record under that name, If she went to live with someone else and took there name well, there is no way we'll ever find her. If the State did take her Way didn't they pull her BIRTH Record.

2. William Adams, death cert doesn't say where he is buried @ It's Woodlawn , Indianola, Shirley Mullen was the care taker there for years, I have a picture of his head stone, I'll send latter remind me, If I don't. Also Maybe William was married 2 times, I don't know yet, we had May Stevens, But His son's Obit says different, I'll check this out.

3. Lillian's daughter and son died, and I can't find copy of her obit (Vivian Betout) and George died Nov 16, 2006 and I have nothing on him but I will, soon I hope, nothing was ran in the paper, Shirley called the funeral home and found out it was true, Messed up deal, I know nothing about his kids or hers either.

4. Before my mom died she gave me a scrap book, there was news paper

clippings in there so I copies them also, just little bit more history for some of the family.
5. I was told Anna Eliza Lamb Adams Lived in Green's Woods (Indianola, Illinois) In a cave!! With her kids I'll half to call Aunt Letha to find out more about this!! Crazy.

6. Florence Adams Death cert is enclosed , After my mother died, Dad and I was Talking to Amos Snow Jar, he didn't know where his mother was buried at, Well I couldn't have that, everybody need's to visit that grave and I called everywhere, until I found her, Dad (Edward Brooks) Bought both of the cert's and Shirley called the funeral home and got directions, with the grave, lot section, and he flew there and put flowers on her grave. GREAT DAY FOR SHIRLEY AND I.

7. Bertha Lee Adams/ William Henry Granter marriage cert is on file Vermilion, County Danville Illinois October 22, 1910 It pays to go snooping, I will get this cert. Maw & Paw: Mason and Willie Minirva Adams.

8. Clara Adams married Herman C. Reed August 9, 1922 It's there two, Do U have a copy of this???

9. There is a Lester Adams Married to Olive Thomas August 4, 1917??? I forgot to check this out, But I will. Don't know if this is the right one, we never knew he was married?

Ok It's late and I have had enough, trying to get used to this new computer isn't easy, But I'll get it someday.
I didn't print out family group sheets because I need to check to see what's right or wrong, so PLEASE POINT OUT the WRONG stuff you find! I got to work tomorrow, So Good Night. Love Wanda

By EVELYN GOODRICK

C-N Georgetown Bureau

GEORGETOWN — Fire destroyed a home belonging to Mrs. Lillian Snow at 205 W. 14th Monday afternoon.

Mrs. Snow's daughter-in-law, Mrs. George (Tammy) Snow, and her two children, Angel Dawn, 14 months, and Jasper, 3 months, fled the flames.

The mother pushed the older child in a stroller and carried the baby to the home of a neighbor, Joe Barney, at 300 W. 14th.

"The flames were coming through the roof when she got here," said Barney, who called the fire department.

Fire Chief Nevlin Maskel said he could see smoke from the Georgetown square, about a half mile south of the blaze.

Six firefighters worked in the freezing cold more than three hours to put out the fire. And they were called back to the scene later for about 20 minutes to put out a minor rekindling.

Maskel said the cause of the blaze has not been determined, although he believes it may have started in the kitchen.

He gave no dollar estimate of the damage, but said the house is a "total loss."

Only three walls in the front of the house were left standing.

Mrs. Lillian Snow said the house and its contents were not insured. She had owned the four-room house about 15 years.

A widow, she had been staying at the residence of Mrs. Rosie LaGrand, 809 Perrysville, Georgetown, when she was notified of the fire. Her son George, his wife, and the two children had been living in the 14th Street house in recent weeks.

Mrs. Snow will continue staying with Mrs. LaGrand, while the George Snows are staying with relatives in Westville.

End 5-Hour Riot At Dream Prison

Point of the Mountain, Utah—(UP)—Four hundred convicts Monday began cleaning up the mess they made during a five-hour riot in which they seized complete control of their "dream prison" and held seven guards as hostages.

No one was injured in the demonstration at the Utah State Prison Sunday although some convicts wielded makeshift daggers and others became "higher than kites" on barbiturates stolen from the smashed hospital safe.

The prisoners returned to their cells peaceably after their ringleaders—several of them awaiting execution as murderers—met with officials and presented complaints that four prison officers "mistreated prisoners and showed favoritism."

Well Organized Break

Dissension among the prisoners apparently had been building up for weeks and the outbreak appeared to have been organized well in advance.

Guard Jerry Lamph said the trouble started when he and several other guards returned the men to the cellblocks from a recreation period.

The convicts suddenly overpowered the guards and forced them to give up their keys. The guards were not armed, but some prisoners took knives from the kitchen and threatened to "kill an officer for every con killed or harmed."

Then the convicts began tearing up the $2,500,000 prison which was activated only 10 weeks ago after taking more than 10 years to construct. The prisoners had been moved to the new institution in buses when the antiquated penitentiary in Salt Lake City was abandoned.

The prison is 20 miles south of Salt Lake City at the point where the Wasatch Mountains jut westward to separate the Great Salt Lake and Utah valleys.

Most Modern Prison

The concrete and stainless steel prison was one of the most modern in the world. But the rioters did thousands of dollars damage to the "restful" color scheme and to walls and windows.

As an emergency call brought more than 175 officers to the scene, the convicts turned firehoses on the sea green walls and yellow ceiling of the prison corridors. Water ran six inches deep.

Bike, Auto Crash Kills Area Man

Protest Price Curb On Beef

Chicago —(UP)— The government rode herd on the nation's beef cattle Monday in a program designed to corral prices of cattle on the hoof.

The price rollback order — aimed at chopping beef prices nearly 10 cents a pound by Oct. 1 — went into effect Sunday.

Immediately there were rumbles of protest — warning that the order would spur black market operations and that it amounted to "confiscation."

But Michael V. DiSalle, director of the Office of Price Stabilization, said the order is fair and necessary. He denied that there is any present intention of rationing meat and said that under the regulation, prices still will be high enough to bring meat to market.

Here's what the new order does:

1. Requires packers to buy cattle at prices averaging 10 percent below January levels.

2. Additional cattle price rollbacks of 4½ percent Aug. 1, and again on Oct. 1.

3. A rollback of retail ceilings —that is, butchershop prices — four to five cents a pound Aug. 1 and another four to five cents Oct. 1.

Whether the rollback will be reflected right away in the housewife's budget is questionable. But by government figures, it should amount to nearly 10 cents a pound by Oct. 1.

The government says the program is designed to eliminate the squeeze on wholesale and retail beef price ceilings now in effect.

Spokesmen for cattle raisers contend the ceiling merely shifts the squeeze from the packers to the cattle feeders. They predicted it would end up in a big drop in beef production.

Senator Butler (R-Neb.) said in a radio debate Sunday (Blair Moody's Meet Your Congress) that DiSalle "boasts" that the order will save consumers $700,000,000.

"Cattle feeders will lose that same $700,000,000," said Butler, who is

Farmers Cut Shipments Of Cattle

Chicago—(UP)—Farmers sent a sharply reduced supply of cattle to the nation's major markets Monday in the first day of business under the price rollback for beef-on-the-hoof.

Cattle receipts at the 12 major markets totaled only 41,100 head, compared with 77,500 last Monday and 68,700 a year ago.

A spokesman for the U. S. Department of Agriculture said cattle raisers apparently had adopted a "wait and see" policy. He attributed the decline of cattle shipments to the 10 percent price rollback, but said it was too early to tell the overall effect.

P. O. Wilson, president of the National Livestock Producers Association, denied that farmers and cattle raisers were embarking on a "sellers' strike." But he said many were delaying the fattening of cattle for market.

Goods Output Hits Record

Washington —(UP)— The nation's output of goods and services boomed to an unprecedented $319,000,000,000-a-year rate in the first three months of this year—up $42,000,000,000 since the Korean fighting began.

This was reported Sunday night by Commerce Department which declared that "the fundamental driving force" that pushed the gross national

Allied Tanks Retake 2 Cities

Tokyo (Tuesday)—(UP)—Shattered Chinese Communist armies began withdrawing all across the Korean front Monday after suffering their greatest one-day losses of the Korean war.

Victorious Allied forces smashed at the retreating Reds in hot pursuit on the western and west central fronts.

Allied tanks and foot troops thrust back into Munsan and Uijongbu on the Seoul front. On the east central front, where 24,700 Reds were killed or wounded Sunday, the U. S. 2d Division reported finding only platoons and companies where battalions and regiments were attacking before.

In between, on the west central front, the Red withdrawal turned into virtual flight. The Commies abandoned their Pukhan River bridgehead 20 miles northeast of Seoul and streamed north with the Allies hot on their heels.

Scattered rear guard clashes broke out as the Reds turned and fought occasionally to keep the pursuing Allies from overrunning their retreat.

The enemy withdrawal heightened speculation that the Reds were satisfied to have driven United Nations forces from their last foothold in North Korea and now were pull

Two of her pupils, Margaret Marie Fazio, daughter of Mr. and Mrs. Thomas Fazio, and Viki Jill Biggs, daughter of Mr. and Mrs. Verlin Biggs, all of Georgetown, also performed with batons.

Al Loving and Jack Hensley of Georgetown put on a comic duet. Other numbers included a guitar selection by Larry Buchanan; a vocal solo, O Sole Mio, in Italian, by Frankie Spinello; and piano numbers by Mrs. Al Liggett, who also was accompanist.

The vets didn't respond in group singing of the Tennessee Waltz, but what a difference when Gleason led in singing "Let Me Call You Sweetheart," a song the fellows knew when they were a little younger.

Happy Returns

Nationalists say pictures and images of Jesus Christ are being ripped from the walls of churches in Red China. They are to be replaced by pictures of Communist leader Mao Tze-tung and the Red Chinese flag.

The Nationalist defense ministry reported:

The order was issued by the Communist religious affairs bureau in Peiping. It also affects pictures of the apostles and other Biblical figures on the general ground that they were "imperialists."

The Reds also ordered the dissolution of all Christian organizations financed from the United States.

NEW YORK, N. J., July 12.—An archduke, scion of one of the oldest royal houses in Europe, went to jail here yesterday voluntarily because he is in a hurry to get back to Vienna where, he said, there is a movement to replace his family on the Austrian throne.

As plain Leopold Hapsburg—a name that emperors bore—he was held in the Tombs, charged with taking part in the fraudulent sale to a New York jeweler of a historic diamond necklace that belonged to his aunt, the Archduchess Maria Theresa of Austria.

Napoleon gave the necklace to his empress, the Hapsburg Marie Louise, on the birth of their only son, the little Duke of Richstag, and although it is said to be worth nearly $500,000, it was sold here last winter for $60,000.

The Archduke Leopold, indicted with Col. and Mrs. Charles I. Townsend who are charged with actually having sold the necklace, was at liberty until yesterday under $7,500 bail. His trial was set for October.

But Friday he asked a general sessions court judge to set his bail aside. Being in prison, he may be tried this summer because prison cases are given the preference here during the hot months.

After he had surrendered his reasons to Judge Rosalsky, he was told he must take his turn with the rest.

The necklace was sold by Colonel Townsend last winter to D. M. Michel, a Fifth avenue jeweler. The Archduchess Marie Theresa charged that Townsend, representing himself as a former member of the British colonial secret service, persuaded her to let him try to sell it in this country. She said he sold it at a little more than a tenth of its actual value, without her consent, and sent her a check for about $7,000 arguing that the rest of the $60,000 was due him for expenses.

She sent her friend, the Baroness Anna Eisenmenger, to New York to recover the necklace and paid Michel who said he bought it in good faith, part of his purchase price to get it back.

Leopold was in New York at the time of the sale, and is charged with having conspired to bring it about. The Townsends have not been arrested.

ALLEGED KILLER IN DEATH PACT DIES OF WOUND

[By Associated Press.]

PATERSON, N. J., July 12.—

[illegible] one idea. The companies with which their soldiers fought, the dates on which they died, even the names of the cemeteries where they lie, were often forgotten. All [illegible] were going to visit his grave in France."

Mrs. Mamie Sills, of Omaha, Neb., wife of Lemmon Sills, and Mrs. Annie Bowie, of Los Angeles, Calif., mother of Corporal Benjamin Bowie, staunch friends since they met on the train two days ago, rejoiced together, with small thought for the segregation that agitated some of the negro mothers enough to cause cancellation of the trips.

Down in the hall sat Mrs. Ellen Slaughter, of Corsicana, Tex., hatted, coated, black cotton umbrella clutched in her hand, ready at 11 o'clock to start to the city hall reception ceremonies.

"I don't know much about the way my boy died," she said. "But I know we're going to see the [illegible] and I'm going to visit Jim's grave."

At the city hall reception to the mothers, city officials and others praised them for their sacrifices. Acting Mayor Joseph McKee told them that "we greet you as we did the other mothers and offer up a prayer for your safe return." Two negro city officials, who spoke at the reception, made renewed charges of race discrimination.

Alderman Fred R. Moore, Republican, said he believed that "it would have gone toward a better understanding if the gold star mothers, white and black, visited the graves together."

Pointing to an American flag draping the balcony of the aldermanic chamber, the negro alderman declared: "That flag knows no color line."

Holder Of East-West Non-Stop Record Is Slightly Injured In New Plane

[By Associated Press.]

WICHITA, Kas., July 12.—Captain Frank Hawks escaped with minor injuries here Friday when a new speed plane, the "Mystery S," which he was testing in preparation for an attempt to lower his east-west transcontinental flight record, crashed to the ground while traveling between 80 and 90 miles an hour.

Hawks suffered only slight cuts on the shoulders and neck.

The engine stalled as Hawks was returning to the travel air field after a trial flight. The undercarriage of the plane struck telephone wires at the edge of the field, and the ship plunged nose-first to the ground, turning over twice. Hawks remained with the plane, which was badly damaged.

The flier had planned to leave here Saturday for New York to await the start of his record attempt with stops scheduled at Indianapolis, Wichita and Albuquerque. He now holds the east-west non-stop record.

VESUVIUS LAVA COVERS ENTIRE WESTERN AREA

[By Associated Press.]

NAPLES, Italy, July 12.—The lava that has been flowing for five days in the crater of Mt. Vesuvius Friday had invaded the whole western zone of the vast crater which has a diameter of about half a mile.

It reached the lowest edge of the crater to the northeast, over which it threatened to pour into the "valley of the inferno."

The flow, issuing from two great fountains, has been, however, so tranquil as to cause only slight uneasiness at the Vesuvian observatory. There have been few explosions and only a small quantity of gas.

National forests have added 100,000,000 acres since 1905.

the smaller independent dealers, as a result of overproduction.

The lowest price was at Fresno, Calif., where gasoline retailed at five cents a gallon, which included a three cent state tax.

In San Francisco some dealers today began giving five gallons of gasoline to motorists who had their car oil changed.

Washington State service station sold gasoline at prices from 5½ to 7½ cents a gallon.

Reports said a number of smaller dealers in California closed their service stations pending termination of the price cutting competition.

"The events of the past month have demonstrated to the oil industry that indiscriminate price cutting benefits neither the supplies nor the dealer," said the Standard Oil company announcement, "and it now must be realized that orderly marketing conditions and stabilized prices need the co-operation of all of those engaged in the oil business.

"Only the prompt termination of the price war which has been raging on the Pacific coast can save the oil industry and many thousands of persons engaged in the sale of petroleum products from catastrophe."

TENNESSEE HAD DECIDED GROWTH

Population Of That State Now Greater Than Kentucky; 271,752 Increase.

[By Associated Press.]

WASHINGTON, D. C., July 12.—Tennessee, the "volunteer state," had a population growth during the last 10 years which took her past her neighboring state of Kentucky and her rival states of Iowa and Minnesota in the middle west.

As a result of her 271,752 increase in population, bringing her total to [illegible], Tennessee may take rank as the fifteenth state of the union unless Alabama, which at the last census was larger by slightly more than 10,000 people, maintains this lead. Alabama has not yet reported.

If Alabama retains her lead, Tennessee will be exceeded only by Texas, Georgia and North Carolina among southern states. In-

Postmaster General Walter F. Brown, of Toledo, O., close personal friend of President Hoover, is considered as a possible successor to Claudius H. Huston, as chairman of the Republican national committee.

LIGHTNING CAUSE OF TIMBER FIRES

Storms Start Forest Blazes In West; Many Areas Continue To Burn.

[By Associated Press.]

MISSOULA, Mont., July 12.—Forests of Montana, northern Idaho and Wyoming yesterday were spotted with burned areas as the result of a terrific lightning storm which started more than 60 fires yesterday.

District forestry officials said that scouts and rangers had been able to control all of the blazes so far.

National guard troops sent to the Laramie peak country succeeded in bringing under control two fires in that region which had burned over 1,000 acres of timberland. One hundred and twenty men fought the flames throughout the night.

Rains around Great Falls, Mont., extinguished all blazes in that vicinity.

Fear of further outbreaks at the scene of the French Creek fire in the Medicine Bow national forest was materially lessened when a shower drenched the area. The blaze, which started June 30, destroyed 3,500 acres of timber.

In Wyoming several fires kept fighters busy before they were brought under control.

Fire Chief Howard Flint reported no fires of consequence after an air patrol over the Missoula forest and the Blackfoot Protective association area.

Lightning started 41 fires in the Bitter Root valley, but the situation was reported under control.

Dear John + Mary,

It was good to see you folks again. I'm sorry I couldn't stay longer. I'm usually one of the last people to leave. Things just didn't go as planned. Hopefully, next year things will be better.

My daughter came home from the hospital today but she could still go into labor at anytime. The baby weighs about three pounds + eleven ounces. Hopefully she'll wait a few more weeks instead of coming early. They may have to stay with us for a couple of weeks. ya-hoo!!!

Anyway, I think the reunion went pretty good. I believe there was ninety-four. Some names didn't have comas between them, wasn't sure if a couple of them was first names or maybe a last name. Count them + see what you think.

Every year I ask people for one name per line but as you can see, that never happens. This was the best turn out we've ever had. Usually we have between fifty + sixty.

The last twelve names on the list

didn't sign the book, (including me).

Hester told me you found my scrap pages, I'm sure glad about that! Thank you very much, I swear, I'd lose my head if it wasn't attached!!

I wanted to ask you yesterday if you wanted a list of all my sisters + brothers Kids + their Birthdays. If you would you can e-mail Hester + I'll start working on it.

Some of us are planing to go to the Adams Reunion next year too. I really enjoyed that. Let us know when it is o.k.

I didn't like reunions when I was a Kid, but now I love them!

Well, I guess I'd better close for now. You + Mary take care + hope to see you soon.

Shirley

Sorry, we came up with a few more names! I added them to the list.

Dear John + Mary,

I received the papers you sent me + wanted to say "thank you." I really appreciate it.

Sorry I haven't written sooner, but, by the time I get the yard work, house work + babysitting four days a week (Double shifts) all done, i'm pooped! These grand kids wear me out! My old man isn't allowed in our yard with a mower or a weed eater. He'll kill all my flowers! For someone thats retired, I sure keep busy.

I'm not sure if we're going to make it to your reunion or not. Betty is thinking about it. I don't like getting to far from home. I really don't like traveling anymore. I'll talk to the girls again though.

I still don't have a computer! My sister Hester has one, she said if she had your E-mail address, she'd write to you. not sure what she does to hers, but her son is always working on it for her.

Hope you can read this. Im trying to hurry before the mail man gets here.

Mary, Im sorry I didnt get to meet you, but if youre as nice as your husband, we'll get along just fine. He's crazy! He caught me off guard on the Kentucky joke! You folks sure have a beautiful family. Cant wait to meet you.

I would like to have a picture of Amos snow, wife + cousin "Bub". Maybe we could do that in Sept.

I was totally amazed at how much genealogy stuff you have! I dont think Ive seen that much stuff in the libraries! I was very impressed.

Well, Id better close for now, Ive got a ton of chores to do!

John, it was a pleasure to meet you + thanks again for all the papers. Hope to see all of you soon.

Sincerely,
Shirley Priest Mullen

NEW RESIDENTS – Driving in Illinois

Upon moving to Illinois, you must obtain an Illinois driver's license within 90 days. Vehicle registrations must be transferred within 30 days.

New residents may obtain Illinois driver's licenses and license plates from the Office of the Secretary of State. Driver's licenses are issued at 136 full and part-time driver services facilities throughout the state. For information on licensing requirements, please pick up a free copy of the **ILLINOIS RULES OF THE ROAD.** Drivers may also apply for license plates at local driver services facilities, except those in Cook County, where service is available at the Chicago West, Charles Chew, Chicago North, and Chicago Central facilities.

In addition, facilities offer many expanded services, including driver abstract sales, infant seat loaner program, and voter registration. To learn the location of the nearest driver services facility and its operating hours or to obtain a copy of the **ILLINOIS RULES OF THE ROAD**, call toll-free **1-800-252-8980.**

MILEAGE DISTANCE CHART

Mileage shown does not always represent the shortest route. To find the distance between two towns, trace down the vertical column of one town to its intersection with the horizontal row of the other town. To convert miles to kilometers, multiply miles by 1.61 (approximate).

Detailed maps of individual Illinois counties at a scale of one inch equals two miles, are available at a cost of $1.00 each from:

Illinois Department of Transportation
Room 121, Harry R. Hanley Building
2300 South Dirksen Parkway
Springfield, IL 62764

MAP COVER:

This historic bridge crossed the Sangamon River near Bolivia in eastern Sangamon County.

The wildflower in full bloom in early May is Golden Ragwort (Senecia aureus).

NEW RESIDENTS – Driving in Illinois

Upon moving to Illinois, you must obtain an Illinois driver's license within 90 days. Vehicle registrations must be transferred within 30 days.

New residents may obtain Illinois driver's licenses and license plates from the Office of the Secretary of State. Driver's licenses are issued at 136 full and part-time driver services facilities throughout the state. For information on licensing requirements, please pick up a free copy of the ILLINOIS RULES OF THE ROAD. Drivers may also apply for license plates at local driver services facilities, except those in Cook County, where service is available at the Chicago West, Charles Chew, Chicago North, and Chicago Central facilities.

In addition, facilities offer many expanded services, including driver abstract sales, infant seat loaner program, and voter registration. To learn the location of the nearest driver services facility and its operating hours or to obtain a copy of the ILLINOIS RULES OF THE ROAD, call toll-free 1-800-252-8980.

IMPORTANT: All motor vehicles registered and operated in Illinois must be covered by LIABILITY INSURANCE.
